'Design a Poster' competition

Would your child like to be a VIP at our upcoming Summer Fayre?

The Friends invite pupils from both schools to create a poster to be used to promote our upcoming Summer Fayre. Entries need to be handed in at school by Friday 25th May at the latest. This year there will be even more winners! A winner will be selected from the following age groups Reception, (Y1 and Y2), (Y3 and Y4), (Y5 and Y6). The winning pupils will get to have a free turn on the bouncy castle and on each of the games, a free ice cream, and a free cake and drink from the refreshment stall. They'll also get to see their poster displayed in pride of place around their school.

Please can your child include on their poster the following details:-

Summer Fayre
Thursday 14th June 2018
3-5pm
Infant School Field

There will be lots of stalls, games and activities at the summer fayre including a refreshment stall, bouncy castle and assault course, face painting, ice cream, happy hoppers and lots more besides. More information to follow nearer to the time.

Volunteers needed : If anyone would like to volunteer to help out at the summer fayre, then please email friendsofangelroad@gmail.com

STALLS AVAILABLE!!! If you would like to book a stall for the Summer Fayre at Angel Road Infant School on Thursday, June 14th, then please send us an email to friendsofangelroad@gmail.com Set up will be from 2.00pm. Tables are £7 for parents/carers and £8 for non-parents. Please drop the money at either school office in a named envelope or pay us on the day. Please include in your message to us what type of things you will be selling/doing on your stall. We look forward to seeing you there and buying lots of lovely things from you!

School Uniform

As we are enjoying the occasional warm day, it is worth remembering to ensure that your children have sun hats and water bottles. These should be named, as they are so easily mislaid. Sweatshirts should also be named, as the children take these off and do tend to leave them around the school. We always try and return named items.

We do ask that children wear appropriate footwear. At play times, the children will climb and run, therefore shoes must be flat, comfortable and have a good grip. Crocs are not safe to be worn at school.

Vapours

Smoking is not permitted anywhere on the school sites, nor is the use of vapours. Please respect this, as the schools' policy is to promote a healthy lifestyle.

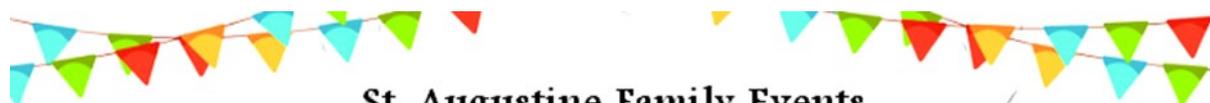

This week's reasoning activity

Discuss these at home with your family.
Are these statements true, false or sometimes true?
Can you provide examples?

When you multiply by ten, you add zero.	If you reverse the numbers in a multiplication, the answer will still be the same.	When you add on a number, you always end up with more.	If you count on in 2s, you never say an odd number.
---	--	--	---

Give your solutions and responses to Mr Dowgill to gain some extra house points!
If you find a way that nobody else suggests, you might get a 'shout out' in assembly!
