Year 3 Performance

Year 3 put on a stunning show last night, performing 'King Arthur and his Knights'. The children did brilliantly - the acting was fantastic and the singing was sensational. Special mentions also go to the backstage crew, the band and the lighting crew, who also did their jobs very well. We ask that any pictures or videos you took are used for personal use only and are not shared online. Again - a big 'Well Done' to everyone involved and we hope you enjoyed the show.

Sun Care

As we are enjoying some sunshine, it is important that the children keep themselves safe. With lunchtime and regular PE sessions the children can be outside for quite some time during the day. We encourage the children to wear hats and drink plenty of water. They are also welcome to bring in sun cream, but will need to apply this themselves.

Please can you also be sure to send your child in with a named water bottle.

New Study - How do children view the world?

At the UEA School of Psychology, they are interested in how children look at the world. To investigate this they are looking to recruit children aged 7-9 years to take part in a 30 minute study on campus. They will track children's eye movements whilst they look at different scenes and ask them some questions about what they remember from the scene. If you and your child would like to help or you would like more information, you can contact Dr. Debra Griffiths at: Debra.Griffiths@uea.ac.uk Each child will receive a certificate for taking part.

End of School Day Reminders

Just a polite reminder that children & parents should leave the school grounds promptly at the end of the day.

Children are NOT permitted to play on play equipment or in the bushes after school. Children should not be cycling on the paths putting pedestrians in unnecessary danger.
