Raising Concerns

If you have a concern about your child or the school, please contact us directly.

The class teacher is usually the best person to speak to in the first instance. Class teachers are happy to deal with minor day-to-day matters at the beginning and end of the school day. However, if you need a longer conversation, we ask you to make an appointment. Class teachers are very busy at the beginning and end of the school day, and so if there is a more complex urgent concern, then members of the leadership team are usually available to speak to families at these times.

It is important to highlight that we do not respond to concerns that are raised on social media.

While we may occasionally hear about comments that have been posted, we feel the best way to resolve any problems is to contact the school and arrange a meeting. Staff are not permitted to contact or reply to contacts made via social media.

Bake Sale - a message from The Friends

Thursday 14th February – straight after school.

We will be seeking donations for another of our popular bake sales in two weeks time.

We often run out of cakes quickly, so the more donations the better.

Safety on the Journey to and from School.

Unfortunately, we have been aware of children from other schools being approached by strangers on their journeys to school. If your children walk to school on their own, please speak to them about the risks of speaking to strangers and any safe places that they can go to if they are concerned.

The children can always come back to school if they are worried and we can then contact mums, dads and carers.

Sign2Sing 2019 : SignHealth

Our annual signing event has come round again and the children have been practising for our Sign2Sing session.

SignHealth is a charity that works to give deaf children and adults a brighter and healthier future. The charity works to raise money to train teachers and offers support to parents of children who may learn to sign at school.

SignHealth also works in partnership with the NHS, strives to improve the health and well-being of the deaf community.

Next week, we will be signing and singing together in special assemblies at both schools and we hope to raise some money to send to SignHealth. If you would like to make a contribution, please send it with your child on Tuesday. Just 50p per child would allow us to make a significant donation from our schools.

Our children have worked hard to learn the songs and it is uplifting to experience them signing as a whole school. You can find the songs on the Sign2Sing website if you'd like to spread the word .

We have particularly enjoyed learning to sign " True Colours". There is a fabulous version of the song on Youtube featuring The GB Paralympic team, The Paraorchestra and The Kaos Choir for non-hearing and hearing adults and children.

Many thanks for your support,

Sue Graham

Football Report

On Monday 28th January, we played against Horsford. It was a really interesting game, but we lost 4-2. The first goal was scored by Stanley and the second goal was scored by Bobby.

We got unlucky on the second half, because they scored 2 times.
